

70-688 Supporting Windows 8.1

- Author : Microsoft Official Academic Course
- Publisher : John Wiley & Sons, 2014
- pages : 480 pages
- N° Class : 621/1179

The **70-688 Supporting Windows 8.1** textbook helps prepare students for the second of two exams required for Microsoft Certified Solutions Associate (MCSA): Windows 8 certification. Students master configuration or support for Windows 8 computers, devices, users and associated network and security resources. Those in this IT Professional career field work with networks configured as a domain-based or peer-to-peer environment with access to the Internet and cloud services. These IT Professionals could be a consultant, full-time desktop support technician, or IT generalist who administers Windows 8-based computers and devices as a portion of their broader technical responsibilities. Additional skills addressed, including the recent 8.1 objectives, in this textbook:

- Design an Installation and Application Strategy
- Maintain Resource Access
- Maintain Windows Clients and Devices
- Manage Windows 8 Using Cloud Services and Microsoft Desktop Optimization Pack

The MOAC IT Professional series is the Official from Microsoft, turn-key Workforce training program that leads to professional certification and was authored for college instructors and college students. MOAC gets instructors ready to teach and students ready for work by delivering essential resources in 5 key areas: Instructor readiness, student software, student assessment, instruction resources, and learning validation. With the Microsoft Official Academic course program, you are getting instructional support from Microsoft; materials that are accurate and make course delivery easy.
